LAKE COUNTY, FLORIDA AND  
DESANTO PLUMBING, LLC  
FOR REPLACEMENT OF EXISTING HOT AND COLD WATER  
DISTRIBUTION PIPING SYSTEM  
ITB # 11-0211**

This is an Agreement between Lake County, Florida, a political subdivision of the State of Florida, herein referred to as COUNTY, by and through its Board of County Commissioners, and DeSanto Plumbing, LLC, a Florida Limited Liability Company, its successors and assigns, herein referred to as CONTRACTOR.

**WITNESSETH:**

**WHEREAS**, the COUNTY publicly submitted an Invitation to Bid (ITB) # 11-0211, seeking firms or individuals qualified to replace the existing hot and cold water piping system at the County Administration Building located at 315 West Main Street, Tavares, Florida; and

**WHEREAS**, CONTRACTOR desires to perform such services subject to the terms of this Agreement.

**NOW, THEREFORE, IN CONSIDERATION** of the mutual terms, understandings, conditions, promises, covenants and payment hereinafter set forth, and intending to be legally bound, the parties hereby agree as follows:

**Article 1. Recitals**

**1.1** The foregoing recitals are true and correct and incorporated herein.

**Article 2. Purpose**

**2.1** The purpose of this Agreement is for CONTRACTOR to replace the existing hot and cold water piping system at the County Administration Building located at 315 West Main Street, Tavares, Florida 32778, hereinafter referred to as the "Project".

**Article 3. Scope of Professional Services**

**3.1** On the terms and conditions set forth in this Agreement, COUNTY hereby engages CONTRACTOR to provide all labor, materials, licenses, permits, plans, engineering, inspections and equipment to complete the Project in accordance with the Statement of Work, which is attached hereto and incorporated herein as **Exhibit A**. General Site Drawings are also included within **Exhibit A**, attached hereto and incorporated herein, and are intended to provide general layout and orientation information only, and shall not serve as actual construction drawings. CONTRACTOR shall submit, within two weeks prior to the start of physical work effort, a

detailed layout that illustrates piping and valve types, sizes and locations, and detailed product data for all materials to be used on the Project. It is understood that the Statement of Work may be modified by change order as actual construction of the Project progresses, but to be effective and binding, any such change order must be in writing, executed by the parties, and in accordance with the COUNTY's Purchasing Policies and Procedures. A copy of these policies and procedures shall be made available to the CONTRACTOR upon request.

**3.2** CONTRACTOR acknowledges that time is of the essence in carrying out CONTRACTOR's responsibilities under this Agreement. CONTRACTOR shall commence construction of the Project within ten (10) days of receipt of the Notice to Proceed. CONTRACTOR shall complete the Project within forty-five (45) calendar days after the Notice to Proceed is issued. All work shall be performed in accordance with good commercial practice. The work schedule and completion dates shall be adhered to by the CONTRACTOR except in such cases where the completion date will be delayed due to acts of God, strikes, or other causes beyond the control of the CONTRACTOR. In these cases, the CONTRACTOR shall notify the COUNTY of the delays in advance of the original completion so that a revised delivery schedule can be appropriately considered by the COUNTY. No additional days shall be granted for average weather delays. Average number of days of rainfall will be determined by [http://www.sercc.com/climateinfo/historical/historical\\_fl.html](http://www.sercc.com/climateinfo/historical/historical_fl.html). Days for calculating actual rainfall are days recorded with rainfall on <http://www.wunderground.com>.

Should the CONTRACTOR fail to complete the work in accordance with the specifications and to the satisfaction of the COUNTY within the "not-to-exceed" timeframe cited above, it is hereby agreed and understood that the CONTRACTOR shall be assessed liquidated damages in the amount of **Two Hundred Fifty Dollars (\$250.00)** for each calendar day that the work is not delivered and accepted. As compensation due the COUNTY for loss of use and for additional costs incurred due to such untimely delivery, the COUNTY shall have the right to deduct the liquidated damages from any amount due, or that may become due, to the CONTRACTOR under this agreement, or to invoice the CONTRACTOR for such damages if the costs incurred exceed the amount due the CONTRACTOR.

**3.3** This Agreement shall commence upon the date of the purchase order or related Notice to Proceed and shall remain in effect until such time as the commodities, equipment and/or services acquired in conjunction with this Agreement have been delivered, completed and accepted by the COUNTY's authorized representative and the end of any warranty periods.

**3.4** The CONTRACTOR shall be solely responsible for obtaining all necessary approvals and permits. The permit and other related fees for this project are estimated at \$2,540.00.

**3.5** The CONTRACTOR shall remain appropriately licensed and/or employ the services of a subcontractor who is appropriately licensed throughout the course of the Project. Failure to maintain all required licenses shall entitle the COUNTY, at its option, to terminate this Agreement. CONTRACTOR's license number is **CFC 1426967**.

**3.6** The CONTRACTOR acknowledges that it has sufficient understanding of the nature and location of the work; the general and local conditions, including but not limited to, those bearing

upon transportation, disposal, handling and storage of materials; availability of labor, water, electric power, and roads; and uncertainties of weather or similar physical conditions at the site; the character of equipment and facilities needed preliminary to and during the completion of the Project. The CONTRACTOR further acknowledges that the CONTRACTOR has satisfied itself as to the character, quality and quantity of surface and subsurface materials, obstacles or conditions of the site. Any failure by the CONTRACTOR to acquaint itself with any aspect of the work or with any of the applicable conditions shall not relieve the CONTRACTOR from responsibility for adequately evaluating the difficulty or cost of successfully performing the work required, nor shall it be considered a basis for any claim for additional time or compensation. The COUNTY assumes no responsibility for any conclusions or interpretations made by the CONTRACTOR on the basis of the information made available by the COUNTY. The COUNTY also assumes no responsibility for any understanding or representations made by its officers or agents during or prior to the execution of this contract, unless such understanding or interpretations are made in writing and incorporated herein by reference.

**3.7** In the event of any conflict between the drawings and specifications contained within this Agreement, the following shall govern:

A. Addenda shall supersede all other contract documents to the extent specified in the addenda. Subsequent addenda shall supersede prior to addenda only to the extent specified therein.

B. Drawings and specifications are intended to agree and be mutually complete. Any item not contained within the drawings, but contained in the specifications, or vice-versa, shall be provided and/or executed as shown in either the drawing or specification at no extra costs to the COUNTY. Should anything not included in either the drawing and/or the specifications be necessary for the proper construction and/or operation of the project as herein specified, or should any error or disagreement between the specifications and drawings exist or appear to exist, the CONTRACTOR shall not derive unjust benefit thereby, or use such disagreement counter to the best interests of the COUNTY. The CONTRACTOR shall immediately notify the COUNTY's Project Manager of any discrepancy and await the Project Manager's direction before proceeding with the work in question.

#### **Article 4. Payment**

**4.1** The COUNTY shall pay and CONTRACTOR shall accept, as full and complete payment for the timely and complete performance of its obligations hereunder the fixed lump sum price of **Eighty-Four Thousand Eight Hundred Fifty Dollars (\$84,850.00)**, the CONTRACTOR's base bid, including all applicable taxes, materials, labor, supervision, management and overhead, unless a duly authorized change order has been issued in accordance with the COUNTY's purchasing policies and procedures. A copy of such policies and procedures shall be made available to the CONTRACTOR upon request.

**4.2** CONTRACTOR shall submit partial payment invoices in duplicate at the completion of each floor level, with each payment in the amount of twenty percent (20%) of the total bid price, to Lake County Facilities Administration at P.O. Box 7800, Tavares, Florida 32778. All

invoices shall contain the bid number, date and location of delivery or service, confirmation of acceptance of the goods or services by the appropriate COUNTY representative, written approval of inspection by the Lake County Building Department for the floor being invoiced, and a detailed description of services provided. Failure to submit invoices in the prescribed manner will delay payment, and the CONTRACTOR may be considered in default of contract and its contract may be terminated. Under no circumstances shall the invoice be submitted to the COUNTY in advance of the work being completed.

**4.3** The COUNTY shall make payment on all undisputed invoices in accordance with the Florida Prompt Payment Act, Part VII, Chapter 218, Florida Statutes. The COUNTY shall not make payment on partial delivery of supplies, services, or materials.

**4.4** In the event any part of this Agreement is to be funded by federal, state, or other local agency monies, the CONTRACTOR hereby agrees to cooperate with the COUNTY in order to assure compliance with all requirements of the funding entity applicable to the use of the monies, including providing access to and the right to examine relevant documents related to the Project and as specifically required by the Federal or state granting agency, and receiving no payment until all required forms are completed and submitted. A copy of the requirements shall be supplied to the CONTRACTOR by the COUNTY upon request.

#### **Article 5. County Responsibilities**

**5.1** COUNTY shall designate a County staff member to act as COUNTY's Project Manager.

**5.2** COUNTY shall pay in accordance with the provisions set forth in this Agreement.

**5.3** COUNTY retains the right to inspect all work to verify compliance with the contract documents. Such inspection may extend to all or any part of the work and to the manufacture, preparation or fabrication of the materials to be used.

#### **Article 6. Construction Provisions**

##### **6.1 Intent of the Contract Documents.**

A. For purposes of this Agreement, the term "contract documents" includes all bid documents, drawings, the Statement of Work, attachments to this Agreement, and provisions within this Agreement, along with any change orders or amendments to this Agreement.

B. It is the intent of the contract documents to describe a functionally complete project which defines the scope of work. Any work, materials, or equipment that may reasonably be inferred from the contract documents as being required to produce the intended result shall be supplied whether or not specifically called for. When words which have a well known technical or trade meaning are used to describe work, material or equipment, such words shall be interpreted in accordance with that meaning. Reference to standard specifications, manuals or codes of any technical society, organization or association or to the laws or regulations of any governmental authority having jurisdiction over the project, whether such

reference be specified or by implication, shall mean the latest standard specification, manual, code, law or regulation in effect at the time the work performed, unless specifically stated otherwise herein.

C. The contract documents and all referenced standards cited therein are essential parts of the contract requirements. A requirement occurring in one is binding as though occurring in all.

**6.2 Errors and Omissions.** The CONTRACTOR shall not take advantage of any apparent error or omission in the contract documents. If any error or omission appears in the contract documents, the CONTRACTOR shall immediately notify the COUNTY in writing of such errors or omissions. In the event the CONTRACTOR knows or should have known of any error or omission and failed to provide such notification, the CONTRACTOR shall be deemed to have waived any claim for increased time or compensation the CONTRACTOR may have had and the CONTRACTOR shall be responsible for the results and the costs of rectifying any such error or omission.

**6.3 Contractor Personnel.**

A. The CONTRACTOR shall assure that all personnel are competent, careful and reliable. All personnel must have sufficient skill and experience to perform their assigned task properly and satisfactorily and to operate any equipment involved, and shall make due and proper effort to execute the work in the manner prescribed in the contract documents.

B. When the COUNTY determines that any person is incompetent, unfaithful, intemperate, disorderly or insubordinate, such person shall, upon written notice, be discharged from the project and shall not again be employed on the project without the written consent of the COUNTY. Should the CONTRACTOR fail to remove such person or persons, the COUNTY may withhold all payments which are or may become due, or may suspend the work with approval of the COUNTY until such orders are complied with.

C. The CONTRACTOR shall at all times have at the Project as its agent a competent superintendent capable and thoroughly experienced in the type of work being performed, who shall receive instructions from the COUNTY. The superintendent shall supervise all trades, direct all project activities, establish and maintain installation schedules, and provide the COUNTY's Project Manager with progress reports as requested. The superintendent shall have full authority to execute the orders or directions of the COUNTY, and if applicable to supply promptly any materials, tools, equipment, labor and incidentals which may be required. Such superintendent shall be furnished regardless of the amount of work sublet. The CONTRACTOR's superintendent shall speak, write, and understand English and shall be on the job site during all working hours.

D. No alcoholic beverages or drugs are permitted on any COUNTY properties. Evidence of alcoholic beverages or drug use by an individual will result in immediate termination from the job site.

#### **6.4 Subcontractors.**

A. Within five (5) calendar days after the award of any subcontract, the CONTRACTOR shall deliver to the COUNTY a statement setting forth the name and address of the subcontractor, a summary description of the work subcontracted and a copy of the subcontract.

B. The CONTRACTOR shall be fully responsible to the COUNTY for the acts and omissions of the CONTRACTOR's subcontractors and of persons either directly or indirectly employed by them.

C. All subcontractors, for as long as the subcontractor is working on the job site, shall have at least one supervisor/foreman on the job site that shall speak and understand English.

D. The CONTRACTOR shall cause its subcontractors and suppliers to comply with the project schedule and applicable sub-schedules.

E. Releases of liens from subcontractors shall be required before final payment will be released.

**6.5 Completion of the Statement of Work.** The CONTRACTOR shall give the work the attention necessary to assure the scheduled progress and shall cooperate fully with the COUNTY and with other contractors on the job site. All work shall be done in accordance with the contract documents.

#### **6.6 Emergencies.**

A. The CONTRACTOR shall have a responsible person available at or reasonably near the work site on a twenty-four (24) hour basis, seven (7) days a week, who may be contacted in emergencies and in cases where immediate action must be taken to handle any problem that might arise. The CONTRACTOR shall submit to the COUNTY's Project Manager, by certified mail, phone numbers and names of personnel designated to be contacted in cases of emergencies along with a description of the project location.

B. In the event of an emergency affecting the safety or protection of persons or property at the project site or adjacent thereto, the CONTRACTOR, without special instruction or authorization from the COUNTY is obligated to act to prevent threatened damage, injury or loss. The CONTRACTOR shall give the COUNTY written notice of the event as soon as possible, but in no event later than twenty-four (24) hours after the occurrence of the emergency. If the COUNTY determines that a change in the contract documents is required because of the action taken in response to an emergency, a change order will be issued to document the consequences of the changes or variations. If the CONTRACTOR fails to provide written notice within the twenty-four (24) hour limitation noted above, the CONTRACTOR shall be deemed to have waived any right it otherwise may have had to seek an adjustment to the contract amount or an extension to the contract time.

## **6.7 Safety.**

A. The CONTRACTOR shall be responsible for initiating, maintaining and supervising all safety precautions and programs in connection with the work and for complying with all requirements of the Occupational Safety and Health Administration (OSHA) and any other industry, federal, state or local government standards. The CONTRACTOR shall take all necessary precautions for the safety of, and shall provide the necessary protection to prevent damage, injury or loss to persons or property. The CONTRACTOR shall be aware that while working for the COUNTY, representatives from agencies such as OSHA are invitees and need not have warrants or permission to enter the work site. Any fines levied by the above-mentioned authorities for failure to comply with these requirements shall be borne solely by the CONTRACTOR.

B. All safety devices installed by the manufacturer on equipment utilized by the CONTRACTOR on the jobsite shall be in place and in proper working order at all times. If the COUNTY determines that the equipment is deficient in safety devices, the CONTRACTOR shall be notified immediately. The CONTRACTOR shall immediately repair, or remove the equipment from service until the deficiency is corrected to the satisfaction of the COUNTY.

C. The COUNTY may periodically monitor the work site for safety. Should there be safety and/or health violations, the COUNTY shall have the authority, but not the duty, to require the CONTRACTOR to correct the violation in an expeditious manner. If there is any situation that is deemed unsafe by the COUNTY, the project will be shut down immediately upon notice and will not resume work until the unsafe condition has been remedied.

D. CONTRACTOR shall erect and maintain, as required by existing conditions and contract performance, safeguards for safety and protection such as barricades, danger signs, a construction fence, and other warnings against hazardous conditions.

E. CONTRACTOR shall be responsible for the removal and proper disposal of all surplus material and debris from the Project site at the end of each work day. Should the CONTRACTOR fail to maintain a clean and safe site, the COUNTY shall retain the right to clean up and deduct the cost of such from the contract price. Upon final completion, the CONTRACTOR shall thoroughly clean up all areas where work has been performed as mutually agreed with the COUNTY's Project Manager.

F. CONTRACTOR shall confine all equipment, materials and operations to the project site and areas identified in the Contract documents. CONTRACTOR shall assume all responsibility for any damage to any such area resulting from the performance of the work.

G. CONTRACTOR is responsible for notifying the COUNTY of any hazardous materials used on the work site and providing the COUNTY a copy of the Material Safety Data Sheets. Any spillage of hazardous chemicals and/or wastes by the CONTRACTOR shall be reported immediately to the COUNTY and cleaned up in accordance with all State and Federal Regulations. The cost of cleanup of any spillage of hazardous chemicals and/or wastes caused by the CONTRACTOR shall be the sole responsibility of the CONTRACTOR and the

COUNTY shall share no responsibility of these costs. A copy of the complete report showing compliance with local, state, and federal agencies shall be given to the COUNTY. If any hazardous chemicals or conditions are discovered during the normal operation, it is the responsibility of the CONTRACTOR to immediately contact the COUNTY with a description and location of the condition.

#### **6.8 General Inspection Requirements.**

A. The CONTRACTOR shall furnish the COUNTY with every reasonable accommodation for ascertaining whether the work performed and materials used are in accordance with the requirements and intent of the contract documents. If the COUNTY so requests, the CONTRACTOR shall, at any time before final acceptance of the work, remove or uncover such portions of the finished work as may be directed. After examination, the CONTRACTOR shall restore the uncovered portions of the work to the standard required by the specifications. Should the work so exposed or examined prove unacceptable in the opinion of the COUNTY, the uncovering or removal, and the replacing of the covering or making good of the parts removed, shall be at the CONTRACTOR's expense. However, should the work thus exposed or examined prove acceptable in the opinion of the COUNTY, the uncovering or removing and the replacing or the covering or making good of the parts removed, shall be paid for as unforeseen work.

B. If, during or prior to construction operations, the COUNTY should fail to reject defective work or materials, whether from lack of discovery of such defect or for any other reason, such initial failure to reject shall in no way prevent the COUNTY's later rejection when such defect is discovered, nor obligate the COUNTY to final acceptance or payment, and the CONTRACTOR shall make no claim for losses suffered due to any necessary removals or repairs of such defects.

C. If, during or prior to construction operations, the COUNTY rejects any portion of the work on the grounds that the work or materials are defective, the COUNTY shall give the CONTRACTOR notice of the defect, which notice may be confirmed in writing. The CONTRACTOR shall then have five (5) calendar days from the date the notice is given to correct the defective condition. If the CONTRACTOR fails to correct the deficiency within the five (5) calendar days after receipt of the notice, the COUNTY may take any action necessary, including correcting the deficient work utilizing another contractor, returning any non-compliant goods to the CONTRACTOR at the CONTRACTOR's expense or terminating the contract. The CONTRACTOR shall not assess any additional charge(s) for any conforming action taken by the COUNTY. The COUNTY will not be responsible to pay for any product or service that does not conform to the contract specifications.

D. Should the CONTRACTOR fail to remove and renew any defective materials used or work performed, or to make any necessary corrections in an acceptable manner and in accordance with the contract requirements, within the time indicated in writing, the COUNTY shall have the authority to cause the unacceptable or defective materials or work to be corrected as necessary at the CONTRACTOR's expense. Any expense incurred by the COUNTY, whether direct, indirect or consequential, in making said repairs, removals, or renewals shall be paid for

out of any monies due or which may become due to the CONTRACTOR. A change order shall be issued, incorporating the necessary revisions to the contract documents, including an appropriate decrease to the contract amount. Such costs shall include, but not be limited to, costs of repair and replacement of work destroyed or damaged by correction, removal or replacement of the CONTRACTOR's defective work and additional compensation due the COUNTY. The CONTRACTOR shall not be allowed an extension of the contract time because of any delay in performance of the Project attributable to the exercise by the COUNTY of the COUNTY's rights and remedies hereunder. If the CONTRACTOR fails to honor the change order, the COUNTY may terminate the contract for default.

E. When the United States Government or the State of Florida is to pay a portion of the cost of construction, the work will be subject to such inspection by federal or state representatives as deemed necessary, but such inspections will in no case make the United States Government or the State of Florida a party to this contract.

#### **6.9 Project Materials and Storage.**

A. Unless otherwise specified within the contract documents, all materials to be used to complete the Project, except where recycled content is specifically requested, shall be new, unused, of recent manufacture, and suitable for its intended purpose. All goods shall be assembled, fully serviced and ready for operation when delivered. In the event any of the materials supplied by the CONTRACTOR are found to be defective or do not conform to specifications: (1) the materials may be returned to the CONTRACTOR at the CONTRACTOR's expense and the contract cancelled or (2) the COUNTY may require the CONTRACTOR to replace the materials at the CONTRACTOR's expense.

B. Materials shall be placed to permit easy access for proper inspection and identification of each shipment. Any material which has deteriorated, become damaged, or is otherwise unfit for use, as determined by the COUNTY, shall not be used in the work, and shall be removed from the site by the CONTRACTOR at the CONTRACTOR's expense. Until incorporated into the work, materials shall be the sole responsibility of the CONTRACTOR and the CONTRACTOR shall not be paid for such materials until incorporated into the work. If any chemicals, materials or products containing toxic substances are to be used at any time, the CONTRACTOR shall furnish a Material Safety Data Sheet to the COUNTY prior to commencing such use.

C. All unusable materials and debris shall be removed from the premises at the end of each workday and disposed of in an appropriate manner.

#### **6.10 Time for Completion and Extensions.**

A. The CONTRACTOR shall diligently pursue the completion of the work and coordinate the work being done on the project by its subcontractors and material suppliers, as well as coordinate the CONTRACTOR's work with the work of other contractors so that the CONTRACTOR's work or the work of others shall not be delayed or impaired. The CONTRACTOR shall be solely responsible for all construction means, methods, techniques,

sequences and procedures, as well as coordination of all portions of the work under the contract documents.

B. Should the CONTRACTOR be obstructed or delayed in the completion of the work as a result of unforeseeable causes beyond the control of the CONTRACTOR, and not due to the CONTRACTOR's fault or neglect, the CONTRACTOR shall notify the COUNTY in writing within twenty-four (24) hours after the commencement of such delay, stating the cause or causes thereof, or be deemed to have waived any right which the CONTRACTOR may have had to request a time extension.

C. If the CONTRACTOR complies with the twenty-four (24) hour notice requirement, the COUNTY shall ascertain the facts and the extent of the delay being claimed and recommend an extension to the contract time when, in the COUNTY's sole judgment, the findings of fact justify such an extension. The CONTRACTOR shall cooperate with the COUNTY's investigation of the delays by providing any schedules, correspondence or other data that may be required to complete the findings of fact. Extensions to the contract time may be granted only for those delays which impact the CONTRACTOR's construction schedule. Extensions of contract time, if approved by the COUNTY, must be authorized by written change order.

#### **6.11 Changes in the Scope of Work.**

A. Without invalidating the contract, the COUNTY may at any time, by written change order, in accordance with the COUNTY's Purchasing Policy and Procedures, increase or decrease the scope of the work and the contract price or time may be adjusted accordingly. For changes in work requested by CONTRACTOR, the CONTRACTOR shall prepare and submit change order requests for COUNTY approval. Each change order shall include time and monetary impacts of the change, whether the change order is considered alone or with all other changes during the course of the Project. Both the COUNTY and the CONTRACTOR shall execute the change order.

B. The value of such extra work or change shall be determined by the contract unit values, if applicable unit values are set forth in this Agreement. The amount of the change shall be computed from such values and added to or deducted from the contract price.

C. If the COUNTY and the CONTRACTOR are unable to agree on the change order for requested change, the CONTRACTOR shall, nevertheless, promptly perform the change as directed in writing by the COUNTY. If the CONTRACTOR disagrees with the COUNTY's adjustment determination, the CONTRACTOR must make a claim pursuant to the Claims and Disputes section herein, or else be deemed to have waived any claim on this matter the CONTRACTOR might have otherwise had.

D. For work not contemplated by the original Agreement, the amount of an increase shall be limited to the CONTRACTOR's reasonable direct labor and material costs and reasonable actual equipment costs as a result of the change (including allowance for labor burden costs) plus a maximum ten percent (10%) markup for all overhead and profit. In such case, the

CONTRACTOR shall keep and present to the COUNTY an itemized accounting together with appropriate supporting data. In the event such changed work is performed by a subcontractor, a maximum ten percent (10%) markup for all overhead and profit for all subcontractors' direct labor and material costs and actual equipment costs shall be permitted, with a maximum five percent (5%) markup thereon by the CONTRACTOR for all of its overhead and profit, for a total overall maximum markup of fifteen percent (15%) of the amount of changed work. All compensation due the CONTRACTOR and any subcontractor or sub-subcontractor for field and home office overhead is included in the markups listed above.

E. The COUNTY shall not be liable to the CONTRACTOR for any increased compensation in the absence of a written change order executed in accordance with COUNTY policy. The payment authorized by such a change order shall represent full and complete compensation to the CONTRACTOR for labor, materials, incidental expenses, overhead, profit, impact costs and time associated with the work authorized by such change order.

F. Execution by the CONTRACTOR of a properly authorized change order shall be considered a waiver of all claims or requests for additional time or compensation for any activities prior to the time of execution related to items included in the change order.

G. Upon receipt of an approved change order, changes in the Scope of Work shall be promptly performed. All changes in work shall be performed under the terms and conditions of this Contract.

#### **6.12 Claims and Disputes.**

A. Claims by the CONTRACTOR shall be made in writing to the COUNTY within two (2) business days, unless another provision of this Agreement sets forth a different time frame, after the commencement of the event giving rise to such claim or the CONTRACTOR shall be deemed to have waived the claim. Written supporting data shall be submitted to the COUNTY within ten (10) calendar days after the occurrence of the event, unless the COUNTY grants additional time in writing, or the CONTRACTOR shall be deemed to have waived the claim. All claims shall be priced in accordance with the section in this document entitled "Changes in Work".

B. The CONTRACTOR shall proceed diligently with its performance as directed by the COUNTY, regardless of any pending claim, action, suit, or administrative proceeding, unless otherwise agreed to by the COUNTY in writing. The COUNTY shall continue to make payments on the undisputed portion of the contract in accordance with the contract documents during the pendency of any claim.

C. Claims by the CONTRACTOR shall be resolved in the following manner: (1) Upon receiving the claim and supporting data, the COUNTY shall within fifteen (15) business days respond to the claim in writing stating that the claim is either approved or denied. If denied, the COUNTY shall specify the grounds for denial. The CONTRACTOR shall then have fifteen (15) calendar days in which to provide additional supporting documentation, or to notify the COUNTY that the original claim stands as is. (2) If the claim is not resolved, the COUNTY

may, at its option, choose to submit the matter to mediation. A mediator shall be mutually selected by the parties and each party shall pay one-half (1/2) the expense of mediation. If the COUNTY declines to mediate the dispute, the CONTRACTOR may bring an action in the County or Circuit Court sitting in Lake County, Florida.

D. Claims by the COUNTY against the CONTRACTOR shall be made in writing to the CONTRACTOR as soon as the event leading to the claim is discovered by the COUNTY. Written supporting data shall be submitted to the CONTRACTOR. All claims shall be priced in accordance with the provisions of the section in this document entitled "Changes in Work". The CONTRACTOR shall respond in writing within fifteen (15) business days of receipt of the claim. If the claim cannot be resolved, the COUNTY shall have the option to submit the matter to mediation as set forth in (C)(2) above.

E. Arbitration shall not be considered as a means of dispute resolution.

F. **NO CLAIM FOR DAMAGES OR ANY CLAIM OTHER THAN FOR AN EXTENSION OF TIME SHALL BE MADE OR ASSERTED AGAINST THE COUNTY BY REASON OF ANY DELAYS.** No interruption, interference, inefficiency, suspension or delay in the commencement or progress of the work shall relieve the CONTRACTOR of its duty to perform or give rise to any right to damages or additional compensation from the COUNTY. The CONTRACTOR expressly acknowledges and agrees that the CONTRACTOR shall receive no damages for delay. However, this provision shall not preclude recovery or damages by the CONTRACTOR for hindrances or delays due solely to fraud, bad faith or active interference on the part of the COUNTY. Otherwise, CONTRACTOR shall be entitled to extensions of the contract time as the sole and exclusive remedy for such resulting delay, in accordance with and to the extent specifically provided above.

**6.13 Acceptance of the Work and Final Payment.** The work delivered and services rendered under this Agreement shall remain the property of the CONTRACTOR and shall not be deemed complete until a physical inspection and actual usage of the product(s) and/or service(s) is (are) accepted by the COUNTY and shall be in compliance with the terms herein, fully in accord with the specifications and of the highest quality. Any goods and/or services purchased under this Agreement may be tested/inspected for compliance with the specifications listed.

A. **Final Inspection.** When all materials have been furnished, all work has been performed, and the construction contemplated by the contract has been satisfactorily completed, the COUNTY shall make the final inspection.

B. **Maintenance of Work.** The CONTRACTOR shall maintain all work in as-new condition until the final inspection is completed and the work is accepted by the COUNTY. All insurance shall be maintained until final acceptance by the COUNTY.

C. **Final Acceptance.** When the Project or any portion thereof, as designated by the COUNTY, is ready for its intended use, the COUNTY and any other invited parties shall make an inspection of the Project, to verify its completeness and develop a punch list of items needing completion or correction before final payment will be made. The CONTRACTOR shall have ten

(10) calendar days to correct all deficiencies. An eighty dollar (\$80.00) inspection fee shall be applied for the second inspection and any required re-inspection. The COUNTY shall have the right to exclude the CONTRACTOR from those portions of the work designated as complete after the inspection; provided, however, that the CONTRACTOR will have reasonable access for the time allotted by the COUNTY to complete or correct items on the punch list.

When the work provided for under the contract has been completely performed by the CONTRACTOR, and the final inspection has been made by the COUNTY, a final invoice will be prepared by the CONTRACTOR. The amount of this invoice, less any sums that may have been deducted or retained under the provisions of the contract, will be paid to the CONTRACTOR in accordance with Article 4 of this Agreement, and after the CONTRACTOR has agreed in writing to accept the balance due, as determined by the COUNTY, as full settlement of the account under the contract and of all claims in connection therewith. Occupancy by the COUNTY alone does not constitute final acceptance.

D. Waiver of Claims. The CONTRACTOR's acceptance of final payment shall constitute a full waiver of any and all claims by the CONTRACTOR against the COUNTY arising out of the contract or otherwise related to the project, except those previously made in writing and identified by the CONTRACTOR as unsettled at the time the final estimate is prepared. Neither the acceptance of the work nor payment by the COUNTY shall be deemed a waiver of the COUNTY's rights to enforce any continuing obligations of the CONTRACTOR or to the recovery of damages for defective work not discovered by the COUNTY at the time of final inspection.

E. Termination of Contractor's Responsibilities. The contract will be considered complete when all work has been completed and accepted by the COUNTY and all warranty periods have expired. The CONTRACTOR will then be released from further obligation except as set forth in this Agreement.

F. Recovery Rights Subsequent to Final Payment. The COUNTY reserves the right, should an error be discovered in the invoice, or should proof of defective work or materials used by or on the part of the CONTRACTOR be discovered after the final payment has been made, to claim and recover from the CONTRACTOR by process of law, such sums as may be sufficient to correct the error or make good the defects in the work and materials, including any fees or costs associated with the additional services of the COUNTY.

**6.14 Warranties.** All warranties shall begin on the date of the COUNTY's acceptance. The CONTRACTOR shall obtain and assign to the COUNTY all express warranties given to the CONTRACTOR or any subcontractors by any material suppliers, equipment or fixtures to be incorporated into the project. The CONTRACTOR warrants to the COUNTY that any materials and equipment furnished under the contract documents shall be new unless otherwise specified, and that all work shall be of good quality, free from defects and in conformance with the contract documents. In addition to all other warranties that may be supplied by CONTRACTOR, the CONTRACTOR shall warrant its products and/or service against faulty labor and/or defective material for a minimum period of one (1) year after the date of acceptance of the labor, materials and/or equipment by the COUNTY. This warranty requirement shall remain in force for the full one (1) year period regardless of whether the CONTRACTOR is under contract with the COUNTY at the time of defect. Any payment by the COUNTY on behalf of the goods or services received from the CONTRACTOR does not constitute a waiver of these warranty provisions.

B. Correcting Defects Covered Under Warranty. The CONTRACTOR shall be responsible for promptly correcting any deficiency, at no cost to the COUNTY, within five (5) calendar days after the COUNTY notifies the CONTRACTOR of such deficiency in writing. If the CONTRACTOR fails to honor the warranty and/or fails to correct or replace the defective work or items within the period specified, the COUNTY may, at its discretion, notify the CONTRACTOR in writing that the CONTRACTOR may be debarred as a COUNTY vendor, and/or become subject to contractual default if the corrections or replacements are not completed to the satisfaction of the COUNTY within five (5) calendar days of receipt of the notice.
